

GOALS

Goals... There's no telling what you can do when you get inspired by them. There's no telling what you can do when you believe in them. There's no telling what will happen when you act upon them. Jim Rohn

If you want to reach a goal, you must 'see the reaching' in your own mind before you actually arrive at your goal. Zig Ziglar

Our goals can only be reached through a vehicle of a plan, in which we must fervently believe, and upon which we must vigorously act. There is no other route to success. Stephan A. Brennan

Where there is life, there is hope. Where there are hopes, there are dreams. Where there are vivid dreams repeated, they become goals. Goals become the action plans and game plans that winners dwell on in intricate detail, knowing that achievement is almost automatic when the goal becomes an inner commitment. The response to the challenges of life -- purpose -- is the healing balm that enables each of us to face up to adversity and strife. Denis Waitley

The victory of success is half won when one gains the habit of setting goals and achieving them. Even the most tedious chore will become endurable as you parade through each day convinced that every task, no matter how menial or boring, brings you closer to fulfilling your dreams. Og Mandino

If I've got correct goals, and if I keep pursuing them the best way I know how, everything else falls into line. If I do the right thing right, I'm going to succeed.
Dan Dierdorf

Your goals are the road maps that guide you and show you what is possible for your life. Les Brown

No one lives long enough to learn everything they need to learn starting from scratch. To be successful, we absolutely, positively have to find people who have already paid the price to learn the things that we need to learn to achieve our goals. Brian Tracy

Review your goals twice every day in order to be focused on achieving them.
Les Brown

The person with a fixed goal, a clear picture of his desire, or an ideal always before him, causes it, through repetition, to be buried deeply in his subconscious mind and is thus enabled, thanks to its generative and sustaining power, to realize his goal in a minimum of time and with a minimum of physical effort. Just pursue the thought unceasingly. Step by step you will achieve realization, for all your faculties and powers become directed to that end. Claude M. Bristol

A goal is only a dream, hope or wish until you write down what you want, why you want it and how you plan on achieving it. Sharon Michaels

You must have long term goals to keep you from being frustrated by short-term failures. Charles C. Noble

When defeat comes, accept it as a signal that your plans are not sound, rebuild those plans, and set sail once more toward your coveted goal.
Napoleon Hill

There is no scarcity of opportunity to make a living at what you love... there's only a scarcity of resolve to make it happen. Wayne Dyer

The reason most people never reach their goals is that they don't define them, learn about them, or even seriously consider them as believable or achievable. Winners can tell you where they are going, what they plan to do along the way, and who will be sharing the adventure with them.
Denis Waitley
